

Status Seminar Junior Research Group 'Artificial Binding Proteins'

When: May 20th 2010

Where: Großer Hörsaal
Institut für Biochemie & Biotechnologie
Kurt-Mothes-Str. 3
06120 Halle (Saale)

Program

Opening Remarks

14:00 Sven Pfeifer, InnoProfile

Making Proteins - Scaffolds & Targets

Chair: Peter Rahfeld

14:15 Bo Song, InnoProfile
Towards a cystein-free crystallin domain

14:35 Andreas Hoffmann, InnoProfile
Soluble production of an N-terminal GPCR domain using a modified SUMO-fusion system

14:55 Coffee break

Isolating Binding Proteins – Selection Methods & High-Throughput Screening

Chair: Dominik Schneider

15:20 Li Yuan, InnoProfile
T7 phage display for the selection of artificial binding proteins

15:40 Jörg Nerkamp, Scil Proteins
Hit-Screening at Scil Proteins - Past, Presence and Future
